

Lab Utilization Rules

The utilization rules of the Lab at INF019 derive from the general rules valid in all of EPFL I&C Labs (<http://polylex.epfl.ch/page68874-en.html>). Moreover, the following points are emphasized:

- Each user is responsible for keeping all lab material in good condition, and to notify as soon as possible the lab assistants about any problems, including malfunctioning or missing material.
- Each user should pay attention to avoid unauthorized access to the lab. Every authorized user present in the lab can be considered responsible for eventual problems deriving from unauthorized access.
- After using the material, the users must leave it in the same condition that they found it, in order to facilitate the job of the next users.

By signing this form, I declare to have read and accepted all the utilization rules of the lab INF 019. In particular, I declare to know and accept that I may be held responsible in case of damage or disappearance of the material in the lab above.
